You can also save your eStatements to your hard drive or other media for viewing and printing at a later time. If you need help printing your statement or if you need a paper copy, contact us at:

- **Canceling eStatements** You may opt-out of eStatements at any time by completing an eStatement Opt-Out Form. If you opt-out of eStatements, we will resume delivery of your paper statements by U.S. Mail.
- **Hardware and Software Requirements** You should verify that you have the following required hardware and software: email access with an external email address, a computer and Internet browser such as Internet Explorer 7.0 or newer that can support 128-bit encryption, Adobe Reader software with flash player version 10.0 or newer (most computers already have this software installed but you can get a free download from www.adobe.com), access to a printer or storage medium such as a hard drive so that you can download and/or print disclosures and/or statements for your records. If you're lacking any of these requirements, please contact us and we'll help get you set up. We may revise hardware and software requirements, and if there is a material chance that the changes may impact your ability to access eStatement, we will notify you of these changes in advance and provide you an opportunity to change your method of receiving disclosures (e.g. change to paper format vs. an electronic format) at no charge.
